

CMM ENCLOSURES

- ✓ Faster Installation Times
- ✓ Custom Ceiling Heights
- ✓ Temperature & Humidity Control
- ✓ Oversize Access Doors
- ✓ Removable Walls for CMM Access

Manufactured Per Your Equipment Specifications

Sensitive Calibration equipment should be well protected in environmentally controlled CMM Enclosures. Our UL Classified 4" Insulated wall system comes standard with a non-shedding vinyl finish, with optional upgrades for FRP or painted aluminum. Enclosures are available with larger framed openings for product access, fitted out with roll-up doors or strip curtains to maintain temperature and particulate control.
