E-LIQUID CLEANROOMS

- ✓ FDA Compliant, ISO Level 7 & 8
- ✓ Easily Upgrade or Expand
- ✓ Filling, Bottling & Labeling Rooms
- ✓ Chemical Resistant Wall Surface
- ✓ Design Build Manufacturer
- ✓ Temperature & Humidity Control
- ✓ Engineering & Permitting

For e-liquid manufacturers' quality control, consistency and batching flavors in a contamination-free production environment is a must.

As FDA guidelines become more visible, preparing your facility to comply with government regulations now ensures production and profits will not be affected.

Our system is tailored to your specific needs, installs quickly and provides a show piece to your clients!
